Natl. Center for Injury Prevention and Control

2005-2007

Division of Violence Prevention - Etiology and Surveillance Branch

Violence Prevention in Communities of Color Research Fellow.

Responsible for oversight of, and contribution to, ongoing or newly funded research and intervention projects. Duties include data analysis and assisting with manuscripts and scientific presentations for ongoing projects, and assistance with the development of research methods and protocols for newly funded projects.

Georgia State University School of Social Work

Atlanta, GA

Assistant Professor

2001-2005

Academic duties included teaching in the BSW and MSW Program, student advising, School and University service along with research, publication, and presentation of scientific papers.

TRAINING & RESEARCH FELLOWSHIPS

**The National Institute on Minority Health and Health Disparities
(NIMHD) Health Disparities Research Institute (HDRI)**

Application under review

The HDRI aims to support the research career development of promising minority health/health disparities research scientists early in their careers and stimulate research in the disciplines supported by health disparities science.

**University of Michigan Institute for Social Research
Program for Research on Black Americans (PRBA)**

Summer 2016

PRBA seeks to collect, analyze, and interpret empirical data on African Americans as well as international data on people of African descent critical for advancing academic scholarship and developing effective public policy, as well as providing research and training opportunities for social scientists of color.

University of Alabama Junior Investigators Program

Tuscaloosa, AL

2015-2016

Each year, a faculty member is selected from his or her representative college or school and inducted into the program. The Junior

Investigators Program is an annual seminar series designed to enhance the research knowledge and skills of aspiring investigators at The University of Alabama. The primary focus of the program is on National Institutes of Health (NIH) extramural funding mechanisms and opportunities, particularly career development and research (R-series) awards. Historically, the Junior Investigators' Program has provided an opportunity for talented young faculty engaged in research to learn about proposal development and revision, as well as award establishment, implementation, and management at The University of Alabama.

**Mental Health and Substance Abuse in Corrections (MHSAC)
Clinical Research Scholars Training Program**

Atlanta, GA
2009-2010

The MHSAC Clinical Research Scholars Training Program is designed to enhance competency, knowledge, skills and support necessary to engage in independently funded research in the areas of HIV/AIDS, mental health, and substance abuse in an effort to reduce and eliminate health disparities and to secure equal access to the conditions and services essential for achieving healthy communities.

INVITED CONFERENCE PARTICIPATION

Research, Integration, Strategies, and Evaluation (RISE) for Boys and Men of Color

Inaugural convening *Translating Knowledge into Action: Building a Research Community for Boys and Men of Color* on April 1-2, 2016 Chicago, Illinois.

RISE for Boys and Men of Color is a \$10 million field advancement effort that aims to better understand and strategically improve the lives, experiences, and outcomes of boys and men of color in the United States. RISE spans five fields and focuses on four populations.

CURRICULUM DEVELOPMENT

SW 300: Social Work in Sports (Interim Session 2018)

This course offering was designed to provide content on the reciprocal relationships between athlete behavior and their social environments. It includes empirically based theories and knowledge on the interactions between and within the athlete population, their families, their communities, athletic teams, athletic organizations, institutions overseeing athletics, and a global audience of sports enthusiasts. Knowledge of biological, psychological, sociological, cultural, and spiritual development across an athlete's life span is included.

M. Daniel Bennett, Jr. Ph.D., MSW

School of Social Work
3005 Little Hall
mdbennett@sw.ua.edu
(205)-348-4580

SW 351/355: Oppression and Social Injustice (online) (Summer 2018)

This course, which examines issues related to the oppression of people on the basis of their gender, ethnicity, race, culture, sexual orientation, physical or mental ability, age, religion, and national origin was modified for online education. While it continues to introduce the student to a range of issues related to oppression and social and economic injustice, it utilizes several forms of media-based instruction to engage students

PROFESSIONAL SERVICE

2019 Scholars' Network on Black Masculinity (*sponsored by the University of Michigan's College of Literature, Science, and the Arts*).

An intellectual community of over 50 scholars in the humanities, social sciences, and professional fields to produce and promote research and develop plans to reach audiences beyond the academy about the public understandings of African American men and the Black male experience

2018 Society for Social Work Research: Excellence in Research Award Review Committee
